In Case You Missed It

Is a major renovation project in your future? The December 7, 2018, issue of the USGA Green Section Record provides a wealth of information on resurfacing putting greens, selecting the correct rootzone and even releveling tees. Read This Issue Browse All Past Issues

Happy Holidays!
The USGA Green Section wishes you a joyous holiday season and a prosperous new year. We hope that you enjoyed the content we produced this year and look forward to providing even more new content next year. Thank you for being a subscriber, we wish you all the best in 2019.

Latest From Course Care

Fore The Golfer

Grain On The Brain

Golf commentators talk a lot about grain, but what exactly is it and does it really impact putting? This brief article explores the answers to these questions. Learn More

Looking Back While Looking Forward

Take a look back at more than 70 years of technological advances that have left their mark on golf course maintenance and see what the future might hold. Learn More

Case Study

Improving Surface Drainage To Reduce The Risk Of Winter Injury

Crown hydration is a common factor contributing to winter injury. This approach to drainage helped significantly reduce winter injury at one Pennsylvania course. Read More

Case Study

Turning Wood Into Heat

Extensive tree work often leaves behind a lot of debris. Here’s how one course put all this debris to good use, significantly reducing their dependency on expensive fuel oil. Read More
