

## "Golf House" Needs a Hand

The halfway mark has been passed in the USGA's effort to gather funds to finance "Golf House." Contributions totaling \$51,612.85 have been received from 2,973 donors at this writing.

"Golf House" is the name of a modest building at 40 East 38th St. in New York City which has been acquired to serve as a national headquarters for the game.

It will house the USGA's Golf Museum and Library and other activities.

The goal for the complete job is \$100,000. Contributions are earnestly invited from all golfers and golf organizations, regardless of amount.

The first 2,533 Founders were listed in previous issues of the USGA JOURNAL. Following are the next 307:
