

Change of Address: "Golf House"

If you should want to communicate with the USGA, you'd better note our new address:

40 EAST 38TH ST.
NEW YORK 16, N. Y.

That's "Golf House," national home for the game which thousands of golfers all over the country are helping to make possible through donations to the USGA Golf House Fund.

If you should want to communicate with the USGA about taking a hand in the project, your letter would receive tender care.

It's going to take a total of about \$100,000 to complete the work. Thus far \$63,329.67 has been received, representing the devoted interest of 3,548 givers. They are divided as follows: individuals 3,329; clubs 153; associations 66.

Alterations are in progress for the purpose of making "Golf House" not only USGA headquarters but to house properly the USGA Golf Museum and Library — famous clubs, balls, pictures, books, documents, medals. It will be several months before the Golf Museum and Library are ready for use, but the new address should be used henceforth.

The Metropolitan Golf Association, which regulates men's golf affairs around New York City, has occupied a portion of "Golf House." The United States Seniors' Golf Association and the Women's Metropolitan Golf Association also plan to make it their headquarters.

If wishes were horses, there would be no problem in completing the "Golf House" Fund. Rarely has any golf project evoked such genuine enthusiasm and support. For example, here is a letter from the Clearview Golf Club, a group of players who convene at a

public course in New York; it comes from their President, Harold A. Southwick:

"In keeping with the desire of our parent organization to perpetuate for posterity the history, records, souvenirs and recollections of the grand sport of golf, our club and its members would like to contribute the enclosed check.

"The other officers as well as the entire membership join me in wishing to the USGA and its committee for 'Golf House' the very best of good fortune."

Here is a note from Frank Oliver:

"A small contribution towards 'Golf House' from a British golfer who has enjoyed much pleasant golf hospitality in the United States."

Orville W. Chapin, professional to the Fort Wayne Country Club in Indiana, makes us blush with this message:

"Please accept my contribution to the 'Golf House' Fund. Your organization has done a great job as the ruling body of golf in America. All professionals should feel indebted to your Association. I trust that your project will be successfully financed."

From Tokyo, Major Bill Adams writes in his capacity as Club Officer of the Koganei Golf Club at headquarters of our Far East Air Forces Base; he enclosed a donation from the Club and said: "Even though our Club is not officially in the USGA we still would like to make this contribution."

At Rochester, N. Y., a dinner in honor of Sam Urzetta's Amateur Championship victory produced excess income which was divided among the James Rhodes caddie fund in Columbus, Ohio, the Chick Evans caddie scholarship fund and "Golf House."

To these friends and all others who are helping to make "Golf House" possible, we record very sincere thanks.

The first 3,060 Founders were listed in previous issues of the USGA JOURNAL. Below are the next 532, and others will be published subsequently.
