

Green Section Publications

Inquiries are constantly received concerning USGA Green Section publications on golf course maintenance. So that you may have a complete listing of the publications available, the "Green Section Library" is listed below:

Turfgrass Management by H. Burton Musser. An authoritative and practical guide to the development and maintenance of golf turf and other large lawn areas. Available from Golf House, 40 East 38th Street, New York, N.Y. 10016 or your local bookstore. \$10.95.

Building Golf Holes for Good Turf Management. USGA Green Section Staff. \$1 per copy from Golf House.

USGA Green Section Record. A 16-page magazine published 6 times a year. Subscriptions are \$2 per year and may be ordered through Golf House.

A number of reprints on turfgrass management are also available. They are taken from past issues of the Green Section Record on specific subjects of general interest. Single copies are available at no charge from your Regional Green Section office. (Please see inside front cover.)
