Turf Management for Golf Courses: 2nd Edition

by James B. Beard and the USGA Green Section staff

This comprehensive volume is an invaluable guide to turf cultivation and management. It is designed for golf course superintendents and Green Committee members, and contains hundreds of step-by-step instructions, techniques, and methods that cover every important aspect of a successful turf management program. 793 pages. **PG1100 \$125.00**

Building the USGA Green: Tips for Success

by USGA Green Section staff

This 34-page booklet will guide you through the process of building a USGA Green. **PG1112 \$4.50**

Golf Course Management & Construction: Environmental Issues

edited by Dr. J. C. Balogh and Dr. W. J. Walker

A comprehensive summary and assessment of scientific research on the environmental effects of construction and management of golf courses. An excellent reference book for golf course architects, developers, superintendents, and Green Committee members. 937 pages. **PG5275 \$104.95**

A Guide for Green Committee Members

This booklet is designed to help guide Green Committees past the common pitfalls, show the opportunities of participation in the Green Committee, and assist in making the Committee work as an asset to the golf course. It highlights the features of the Green Section, defines common agronomic terminology, and provides a list of references and resources for additional information. **PG1715 \$2.00**

Making Room for Native Pollinators

by Xerces Society

These guidelines help golf course superintendents plan and manage out-of-play areas for beneficial pollinating insects. **PG5002 \$5.00**

Bird Conservation on Golf Courses

by Scott Gillihan

Funded through a grant from the USGA's Wildlife Links Program, this practical, hands-on manual is an excellent reference for golf course superintendents, golf course architects, and land managers. The book discusses managing habitat areas on golf courses and similar settings to benefit birds. 335 pages. **PG5250 \$34.95**

2004 Turfgrass and Environmental Research Summary & 2004 Executive Summary

The accomplishments of the current research projects funded through the USGA Turfgrass and Environmental Research Program are summarized. Also included in the document is a list of the ten research projects to be conducted on the construction and maintenance of greens. **NS1643 and NS1649 No charge**

Managing Wetlands on Golf Courses

by Gary Libby, Donald F. Harker, Kay Harker, with Jean Mackay

A comprehensive guide to managing wetlands on the golf course. *Managing Wetlands on Golf Courses* provides the most effective techniques for managing wetlands to maintain or enhance water quality, wildlife habitat, and the natural hydrology of the golf course landscape. A cooperative publication of the USGA, Audubon International, and the National Fish & Wildlife Foundation. 224 pages. **PG5000 \$60.00**

Reviewing Golf Course Proposals: Materials for Local Officials

by Billie Jo Hance and Jim Morris

An informational packet oriented to community land-use planners to assist communities in the crucial planning phase of golf course development. Includes basic environmental questions communities should ask when reviewing golf course proposals. **PG1718 \$5.00**
