Another summer of extremes was experienced this year in the Midwest and Northwest. Three golf facilities in the Pacific Northwest are turning the Region this August.

As summer comes to a close, now is the time to add fans to your equipment to cool your turf and root systems were severely stunted due to oppressive heat in June and July. Recovery following heavy rains and flooding in some areas.

Root systems were severely stunted due to oppressive heat in June and July. Recovery following heavy rains and flooding in some areas.
